SOFT SKILLS

Collaboration
Problem Solving

Communication
Critical Thinking

Teamwork
Leadership

PROJECTS

Evently - Event Calendar | [Repo](#) | [Heroku](#): Summary: Worked with a team 4 on this application. Created a responsive Event Calendar that utilizes **RESTful API's**, **ExpressJS/NodeJS** & **Sequelize**. Along with these tools, we utilized **handlebars.js** as our reusable web page templates.

Employee Database | [Repo](#) | [Video Demonstration](#): Summary: Created a command-line application in a **CMS (Content Management System)** format, that an employer could use to view, update, add, & delete employee information using **Inquirer package**. Also utilizing **MySQL2 packages** to be able to connect to the **MySQL** database to perform queries & the **console.table package** to print **MySQL** rows to the console.

Team Generator | [Repo](#) | [Video Demonstration](#) Summary: Created a **Node.js** command-line application that takes in information about employees on a software engineering team & generates an **HTML** webpage that displays summaries for each person. Using the **Inquirer** to collect inputs from the user & using **JEST** for running the unit tests.
